Reclaim Your Inner Sanctuary

103

ENTER THE QUIETNESS OF YOUR SOUL

The temple of God is within your soul. Enter into this quietness and sit there in meditation with the light of intuition burning on the altar. There is no restlessness, no searching or striving there. Come into the silence of solitude....

Enter the innermost sanctuary of the soul. ...Remember and realize the forgotten image of God within you.

Each of us is a child of God. We are born of His spirit, in all its purity and glory and joy. That heritage is unassailable....The Bible says:

“Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?” Always remember: your Father loves you unconditionally....

We need not run away to the jungle to seek Him. We can find Him in this jungle of daily life, in the cave of inner silence.

Even if you do no more than pray sincerely to Him, His great joy will eventually come upon you.

True prayer is an expression of the soul, an urge from the soul. It is a hunger for God that arises from within, expressing itself to Him ardently, silently.

Constantly, inwardly, talk to Him; then He cannot remain away from you.

The Lord is the Mother of all mothers, the Father of all fathers, the One Friend behind all friends. If you always think of Him as the nearest of the near, you will witness many wonders in your life. “He walks with me and He talks with me and He tells me I am His own.”

WHEN NO HUMAN AID CAN HELP

There are two ways in which our needs can be taken care of. One is the material. For example, when we have ill health we can go to a doctor for medical treatment. But a time comes when no human aid can help. Then we look to the other way, to the Spiritual Power, the Maker of our body, mind, and soul. Material power is limited, and when it fails, we turn to the unlimited Divine Power. Likewise with our financial needs; when we have done our best, and still it is inadequate, we turn to that other Power....

Our endeavor must be not only to acquire financial security and good health, but to seek out the meaning of life. What is it all about? When we are hit with difficulties we react upon

our environment first, making whatever material adjustments we believe may help. But when we come to the point of saying, "Everything I have tried so far has failed; what to do next?" we start to think hard about a solution. When we think deeply enough, we find an answer within. This is one form of answered prayer.

When chronic diseases and sufferings are beyond the control of human care; when the power of human methods fails to cure ills, physical or mental, revealing its limitations, then we must ask God to help—He who is unlimited in power.
